

Mixed Media Crew at the Albrecht-Kemper

Join us after school with other kids who think art is cool!

Tuesdays September 18 – October 23 4:00 pm - 5:30 pm
Ages 7-13 Cost: \$12 per session

The Albrecht-Kemper Museum of Art has partnered with the Center for Community Arts, at Missouri Western State University's Western Institute to provide art classes for children in the greater Saint Joseph region.

**Classes must be registered through the Center for Community Arts.
Call 271-4100 to register. Or visit <http://www.missouriwestern.edu/>**

All classes held at the Albrecht-Kemper Museum of Art in The Francis Families Foundation Art Classroom

Please be prompt to class. All classes run from 4:00 pm - 5:30 pm.

September 18: Collage "ME"

Think about all the fun and fabulous things that make you special. Using decorative papers, words, and other materials, create a colorful collaged wall hanging that describes you in a unique and unusual way.

September 25: Mini Copper Toolings

Many cultures have used this technique of manipulating metal to make interesting and fantastic designs that celebrate their people. Using a wooden tool and a little bit of muscle, create your own pressed designs on real copper.

October 2: Treasure Boxes

Ahoy Matey! No good place to store all your treasures? Then come on over and create a cool container with paint, papers, and decorative items. This is one beautiful box that you won't want to bury!

October 9: Landscape Painting

With all the great colors of fall, it'd be a shame not to celebrate the beauty of nature. Using acrylic paints, we'll create landscape paintings on canvas boards. Don't worry if you haven't painted a lot—we'll learn some quick and basic techniques to get you started.

October 16: Marvelous Masks

Masks come in all shapes and sizes and can be made out of almost anything. We'll look at examples from a wide range of cultures to get inspired. Then, using multiple materials, we'll each create a unique mask to wear or display.

October 23: Monster Madness!

Halloween's almost here, so have a "howling" good time carving crazy, creepy creatures. We'll make a big mess, so it's a guaranteed good time! When you're done, we'll transform your foam monsters with paint so they look like stone.
