

THE ALBRECHT-KEMPER MUSEUM OF ART

36th Annual Membership Exhibition January 16—February 21, 2010

The mission of the Albrecht-Kemper Museum of Art is to bring the excitement of American visual arts to the region through education, temporary exhibitions, the permanent collection, and the nurturing of regional artists. What better way to showcase local talent than through exposure in a museum-sponsored juried art competition? In this annual exhibition, all current members are invited to enter two artworks, which are judged by a panel of art professionals.

This year 73 member artists entered a total of 139 artworks. 28 cities within a 5 state region were represented.
