

## Halloween Still Life Painting Workshop

Get in the spooky spirit with some Halloween-themed still life painting! In this workshop professional artist Cody Wheelock will guide students through the process of setting up a still life, discuss what makes a successful composition, and demonstrate how to execute a simple painting from their reference material. The instructor will be using oil paint but students are welcome to bring any painting medium they wish. Each student will paint from their own still life setup.

### Material List:

- 8x10 canvas panel or stretched canvas
- Paint of student's choice
  - Recommended colors include titanium white, hansa yellow light, naphthol red, alizarin crimson permanent, ultramarine blue, and burnt umber
- Variety of paint brushes
- Solvent (OMS for oils, water for acrylics/WM oils/Watercolor)
- Medium (optional)
- Pencil for sketching
- Small sketchbook
- 3-5 small Halloween-themed items for your still life setup
- Small clamp or clip light to illuminate still life objects

*\*\* If you have any questions regarding materials please contact Alex at the museum or myself at [info@fountatelier.com](mailto:info@fountatelier.com). Have fun and be creative!*
